SOURCE OF INCOME

The Sherab Kyetstal Shabshu Khang Foundation operates on a deeply rooted principle of community support to empower underprivileged and orphaned children. Our primary financial lifeline is the consistent monthly donations from dedicated local individuals. These regular contributions form the bedrock of our ability to provide continuous care, education, and essential resources to the children under our wing.

Beyond this vital local patronage, we actively engage in strategic donation campaigns across various regions. These meticulously planned initiatives allow us to expand our outreach, raise awareness, and garner broader financial support from a diverse donor base. The funds meticulously gathered through these campaigns are then judiciously allocated to meet the holistic needs of vulnerable children, ensuring their well-being, fostering their development, and paving the way for their brighter futures. This dual approach of sustained local giving and impactful regional fundraising ensures our operational resilience and the enduring positive change we strive to achieve.

EDUCATION BIG QUESTION MARK

A young child with dark hair and a serious expression is sitting on a colorful, patterned rug. The child is wearing a blue and red plaid shirt over a dark long-sleeved shirt. They are holding a red pen in their right hand, which is resting on a piece of lined paper with some handwritten text. The background is slightly blurred, showing more of the rug and some papers scattered around.

"I WOULD, THEREFORE, BEGIN THE CHILD'S EDUCATION BY TEACHING IT A USEFUL HANDICRAFT AND ENABLING IT TO PRODUCE FROM THE MOMENT IT BEGINS ITS TRAINING. I HOLD THAT THE HIGHEST DEVELOPMENT OF MIND AND THE SOUL IS POSSIBLE UNDER SUCH SYSTEM OF EDUCATION."

- MK GANDHI

The big question mark in education today revolves around its relevance and adaptability in a rapidly evolving world. How can we ensure education genuinely prepares individuals not just for existing jobs, but for an unpredictable future, fostering critical thinking, creativity, and lifelong learning beyond rote memorization?
